2009 Directory Photo Contest Winner Announced

DeeAnne Bridges likes to call her prize winning photo “The Essence of Dalhart”. She believes it captures the richness of tradition in Dalhart. This year’s directory cover photo was taken during the 2008 XIT Rodeo and Reunion parade in Dalhart. DeeAnne captured this adorable shot of two children watching the parade; all decked out in their western wear! The future of Dalhart, and all our communities, is in our children, and these two have started at an early age to enjoy one of the long standing traditions of Dalhart and the history of the XIT Ranch that started it all. Pictured are Matthew Bridges, 3-year-old son of John and DeeAnne Bridges and his cousin 3-year-old Kalleigh Barrow, daughter of Travis and Carla Barrow.

Each year, the photos that are entered into our annual Directory Cover Photo Contest are excellent, and this year was no exception. There were several beautiful photos! We appreciate and thank everyone for their entries. All photos that are submitted will be retained and may be considered for future directory covers.

Purchase Your 2009 Directory Advertising

Sales for the 2009 yellow and white page advertising in the 11th edition of the XIT Communications' Regional Directory are underway. XIT's popular regional directory is the right place to spend your advertising dollars! Target your advertising in the area where your customers live, work and do business. Contact the XIT Marketing Department at 384-3311 or 1-800-232-3312 to set up a time to discuss your advertising options for the new directory.

XIT's directory is full of handy features and includes listings for over 20 communities in the panhandle including Amarillo and Canyon. One easy to use directory for your home, office and vehicle!

Nokia E71 – Software Applications from Symbian

More ways to expand the use of your new Smartphone!

Did you get a Nokia E71 for Christmas this year? If you do own a Nokia E71 or E61i, then we have a website you should look into. Check out <http://my-symbian.com/main/index.php>. This site offers third-party applications and software for the Nokia E61i-E71 phones. There are applications of all price ranges and some are even free. They have applications and software that fit the needs of the younger generation such as Games, Animated SMS

and more. Animated SMS is a great application that allows you to send SMS with animated emotions or full-screen animations. There is even educational software such as Crazy Soft Educational Games. This is a pack of games that helps you learn World Geography (States, Countries, and Capital Cities). It improves your memory, your mental awareness and your calculating speeds. If you are looking for something a little more business oriented, you can get Splash ID, which is a bill log. It keeps track of all your monthly bills. Phone Wallet may be another good option as well. It allows private-user information such as credit card numbers, passwords, etc. to be stored in the phone and secured with a password. For those movie and music lovers, you can get Zip Clip Free, which lets you load videos, images and music from any website. These are just a few of the great applications from which to choose.

It is simple to access the options and download. Go to link <http://my-symbian.com/main/index.php>> software shop tab> select phone> software categories box> and then choose desired application.
